## PRIZES FOR YEAR ARE ANNOUNCED

**F. W. Smith to Be Valedictorian and Eckler Salutatorian—Elections to Phi Beta Kappa**

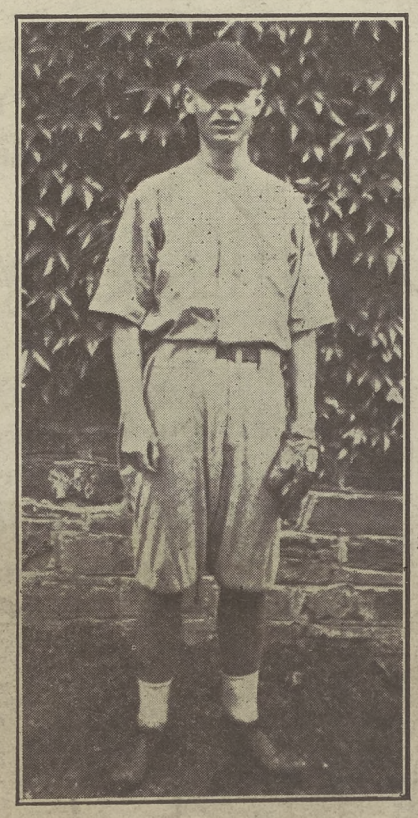
### CLASSES MOVE UP

Preceded by a night of hilarity, the last chapel of the year was ceremoniously celebrated as moving-up day, Wednesday, June 14. At the morning chapel the members of the class of 1922 took seats in the gallery, leaving their former seats at the front of the chapel unoccupied. The members of the classes of '23, '24, and '25 marched into chapel and the class of '23 took the seats vacated by the outgoing Senior Class, the present Sophomore Class moved into the Junior section, and the class of '25 took their new seats as Sophomores. The rear of the chapel was left vacant for the incoming Freshmen. After the chapel the three class marched to the campus, sang "Carissima" and gave a long cheer for the class of 1922. The festivity of the occasion was enlivened by the members of Was Los, who appeared dressed in evening clothes composed of formal swallow-tail and pajamas.

At this chapel the following prizes and awards were announced: Maynard Entrance Prize, no award; Brockway Entrance Prize, no award; Cobb Essay, no award; Hutton Essay for '24, subject, Social Customs as Portrayed by the New Testament, Malcolm Hugh Fraser; Kellogg Essay Prize, The Great Lakes in American History, Harold Friend Harding, '25; Hawley Prize in Greek, Paul Stevens Olver; Hawley Prize in Latin, Howard E. Yule; Curran Prize in Greek and Latin, no award; Tompkins Mathematical Prizes, 1st, John Leslie Coe, 2nd, Edwin A. Stuart, Jr., Medal, J Niles Loveland; Charlemagne Tower Prize in Spanish, Valentine Acebron; Charlemagne Tower Prize in French, Arnold Smith; Warfield Prize in German, Francis W. Smith; Darling Prize in American History, Howard F. Comrie; Underwood Prize in Chemistry, Albert Ross Eckler; Putnam Prize in American History, Raymond H. Whitaker; Holbrook Prize in Biology, Hency C. Smith; 54th Mc Kinney Prize Debate, Subject, Resolved, that the American Government should cancel the allied war debts, 1st, Dean Alfange, 2nd, Harold Mason Hartness; Soper Prize Thesis, Subject, The Tariff Policy in Relation to the Dye Industry, Harold Mason Hartness; 59th Head Prize Oration, The Hamilton of History and the Hamilton of Fiction, H. Theodric Westbrook; Oren Root Mathematical Scholarship, Frederick Fuess, Jr.; Charles Holland Duell German Scholarship, Edward Euler; Edward Huntington Mathematical Scholarship, John Leslie Coe; Soper Mathematical Scholarship, Edward A. Stuart; Root Fellowship, Henry C. Smith; Chauncey Truax Greek Scholarship, Charles Langtry.

The scholarship rating for the senior year of the class of '22 was announced as follows: High Honor, Alfange, Eckler, A. Smith, F. W. Smith, Honor, Acebron, L. E. Davis, Dowling, Forshay, Morgan, Perry, R. G. Reeder, Smalley, K. Turner, West-

(Continued on page 6.)



"DICK" SHULTS

### SHULTS TO HEAD NINE

Dick Shults, '23, has been elected captain of the 1923 baseball team. Dick's work on the team for the past two years has been excellent, and his playing was especially brilliant this season. He saved the team from many a tight place by his fast work in center field. His fielding was the best that has been seen on the Hill in a number of years. Dick also is a good man at the bat. He proved to be the means of scoring a good many runs during the season. Whenever there were two men on bases and Dick was at bat, there were almost always two runs added to the score.

Shults is a member of the Emerson Literary Society.

### PENTAGON ELECTIONS

Pentagon, the senior honorary society, has selected its members from the class of 1923 for the coming year. The five new men are Richard Stoddard Fowler of Dayton, O., Watson Massey Thompson of Jamaica, L. I., Mynderse Gross Van Hoesen of Mesa, Idaho, Carl Vincent Warren of West Winfield, N. Y., and Carlyle Edgar Yates of Yonkers, N. Y. The retiring members of Pentagon from the class of 1922 are James V. Davis, Damon L. Getman, Thomas B. Pope, Arnold Smith and Kenneth B. Turner.

Six men have been chosen from the class of 1924 for membership in the junior honorary society, Was Los. The men are Alexander Alison III, L. Danforth Bates, Nathaniel H. McGiffin, John W. G. Ogilvie, Marhlon G. Snell and Richard C. Wood.

### FITZGERALD IS TENNIS LEADER

John S. Fitzgerald, '23, of Utica, N. Y., has been selected to lead the 1923 tennis team. He handles a racquet very nicely, and has done good work this season. He will be handicapped a little by the loss of three seniors, but with the material at hand and the new that will come in next fall, he should be able to pick a winning team next year. He is also manager of basketball for the 1922-23 season.

## MANY CLASSES HOLD REUNIONS

**Class of '72 Celebrates 50th Anniversary—Plans Complete for Comment**

The classes holding reunions this year are those whose numerals end in 2, 9, or 7. For the class of '72, this will be its 50th reunion and for the class of '97, its 25th reunion. Consequently it is expected that these two classes will have the largest delegaions present. Asa G. Benedict, class secretary of '72, has made arrangements to make the 50th reunion of that class a howling success. And Professor James A. Winans, in charge of the arrangements for '97, plans for similar success. For the class of 1917, this will be its first real reunion, since the first and third were held during the war and many could not be present. Edwin R. Moore is secretary.

At 10:30 this morning there will be a meeting of the Society of Alumni in the Chapel. The Society officers include M. Woolsey Stryker, '72, president; Henry White, '93; Orville T. Fletcher, '92, LeRoy B. Sherman, '84, vice-president; half-century annalist, Asa G. Benedict, '72, and necrologist, Edward Fitch, '86.

At 12 o'clock come the class reunions in the Hall of Commons. Tables will be reserved for the various anniversary classes and a general get-together will be held. In the afternoon from four to six o'clock the President and Mrs. Ferry will hold a reception in the College Library. The Clark Prize Exhibition will take place in the Chapel at half past seven o'clock. In the evening reunions of the different societies and fraternities will be held.

Sunday morning at 10:30 President Ferry will deliver the Baccalaureate address in the Chapel, and in the afternoon at five o'clock there will be an organ recital by Hawley Fitch, '23, and some of the alumni.

Monday, the 110th Commencement Day, all the classes will form in procession at 9:45 in front of the Hall of Languages in class order, the graduates coming first, then the undergraduates of '23, '24, '25, the graduating class of 1922, the faculty, and lastly the trustees and the candidates for honorary degrees and guests. The procession in its march will move north along the west side of the quadrangle. At the Hall of Science the faculty and and at Truax Hall the trustees will fall in at the rear. Then the line of march will be northeast and down the stone walk to the chapel. When the head of the procession reaches the Chapel, it will stop, and the lines will open and stand facing inward while the divisions pass through, the rear of the procession entering the chapel first. The Commencement exercises with the conferment of degrees will take place at 10 o'clock. At the close of the exercises the line of march will go to Commons where the Alumni Luncheon will be served. Sometime members of '22 and all earlier classes and all alumni of this and other colleges are welcome at the Luncheon.

During Commencement meals may be obtained at Commons for alumni and guests. It has been requested that alumni and guests register upon arrival in the Library.

**Alumni please register at Library.**

### GABOON ISSUES GOOD COMMENCEMENT NUMBER

It was just one year ago Commencement time that the first issue of the Royal Gaboon appeared upon the Hill. Since that time the publication has gone through many doubful moments and threatening disasters. However, with the publication of the recent Commencement number, which has just been distributed, the staff celebrates a distinct triumph. It is by far the best issue of the magazine that has ever been published.

An unusually clever drawing graces the cover, one that will attract the attention of the passer-by. All of the cuts have been cleverly handled and show careful work on the part of the artists. The humor is fresh and original, instead of being "cribbed" from other publications. The entire make-up of the book illustrates why the Gaboon, in its one year's existence, has reached the plane of many similar college publications.

## EXECUTIVE COUNCIL HOLDS JUNE MEETING

**New Managers Elected—Council Approves Reports and Awards Letters**

At the last meeting of the Executive Council held Tuesday evening, June 6, in addition to the awarding of letters and numerals, a committee was appointed to tabulate expenses and the estimated income for the coming year and to prepare a budget. The committee consists of Mr. Prettyman, Mr. Joseph Rudd and Mr. Edward Coughlin.

Other business transacted included a recommendation by the Executive Council that one set of numerals be given a man during his college course. Thereafter, when a man wins his numerals, if he desires another set, he will have to purchase them. Van Hoesen was authorized to enter the intercollegiate meet in Chicago. Money was appropriated to send Thompson to the same meet.

Yates was elected manager of Musical Clubs, and Arthur Jones was elected assistant manager. Brainard was elected manager of track, and Don Jones, baseball manager. Lewi was elected manager of debate and Gualtieri assistant manager. Valentine Alison was elected manager of Intermural Sports.

Managers of teams then made the following reports: Loveland, baseball, reported a total expenditure of $1625.69 and a net expenditure of $1090.94. Cannon, track manager, reported a total expenditure of $851.55 and a net expenditure of $645.08. Yates, debate, reported a total expenditure of $412.02 and a net expenditure of $355.20 Brainard, track manager for next year, presented a cross country schedule and asked for a gross appropriation of $670 or a net appropriation of $575. The approval was left to the Committee. Arnold Smith gave a report for Charaltans and Monaghan made one for baskeball.

### LIFE ELECTIONS

At a meeting held after chapel on Saturday, June 10, two more men were elected to the position of reporter on the editorial board of **Life**. The new men are Lawrence A. Wood, '25, and L. Hyler Connell, '25.

## COLLEGE BODY HOLDS MEETING

**Letters Awarded in Track, Baseball and Hockey—Track Team Presents Cup to Coach Squires**

### INTERCLASS SING

The annual spring meeting of the College body was held in the Hall of Commons on Tuesday evening, June 6th. Letters were presented to the members of the hockey, basketball, baseball and track teams and numerals to the members of the tennis team. A handsome silver loving cup —the gift of the track men—was presented by Captain-elect Van Hoesen to Coach Paul C. Squires in recognition of his excellent work during the past season.

Richard S. Fowler, '23, nominated the following men to positions on the Honor Court: Leslie E. Moore, of New York Mills, and Donald D. Kittell, of Jamaica, from the class of 1924; and David Douglas Hays, of Johnstown, from the class of 1925.

Montague White, '22, nominated Frederick D. Weld, of Auburn, cheer leader for the coming year with the power to select his own assistants.

Two propositions were presented by Carlyle E. Yates, '23, Secretary of the Executive Council, on behalf of that body: first, that only one set of numerals be given to every man winning them during his college course; and second, that certificates be prepared and presented to a man every time he wins his numerals. The propositions were passed unanimously.

Immediately after the close of the meeting the inter-class "sing" was held on the lawn just outside the Hall of Commons. Each class sang "Thy Sons Will Ne'er Forget Thee," by D. C. McGibeny, '14. Then the seniors sang "We Come to Hang Our Banners," by Harry F[illegible]e, '10; the juniors, "Ol[illegible]on," by J. V. A. W[illegible]; sophomores, "In T[illegible] Old College Days," and the freshmen, "Fair Hamilton," by Calvin L. Lewis, '90. According to the vote of the judges, the sophomores won the "sing" and the freshmen were second best. The singing of "Carissima", by the entire college, ended the festivities of the evening.

A list of those who received letters and numerals follows:

Hockey—Letters: Reeder, R. J. R., Reeder, R. G., Thompson, W., Marlow, Bates, Thompson, R., Yates, H.

Numerals: Marks, Wood, Kaiser, J. W., Johnson, F. W., Valentine, H., Valentine, J.

Basketball—Letters: Stern, Garner, Hamilton, D., McGiffin, N., Hatch.

Numerals: Smith, C.

Baseball—Letters: Davis, J. V. Shults, Monaghan, Mulchy, Perry, Warren, C., Hunter, Pottle, Meehan.

Numerals: Morris, H., Tillotson, Yule, Pritchard, Williams.

Track—Letters: Pope, Van Hoesen, Reeder, R. G., Edie, Fletcher, Kelly, Fenn, Thompson, W., Warren, A., Yates, C., Morris, A., Alison, A., McGiffin, N., Snell, Scott, C. S.

Numerals: Morgan, K., Nichols, Ibbotson, Kaiser, C., Castle, Bristoll, Alison, V., Shinnick, Gardner, Clark, R., Turner, J., Kutz, Hays, Watkins, Valentine, H., Thompson, R.

Tennis—Numerals: Getman, Acebron, Fitzgerald, Ogilvie, Bradley.

## Commencement.

Commencement in any college is a ceremony which incurs mingled emotions to all who attend. To the alumni it is a retrospect and a time when [illegible] can live over again a few fleeting [illegible] of their college days. To the undergr[illegible] it serves as a mark of attainm[illegible] a threshold to newer and greater [illegible] To the seniors themselves it is a co[illegible]mation of these two—a new beginning and a retrospect.

A man who has just been presented with a diploma has everything before him. In a sense he is reborn to the world—a world which will present innumerable problems to be solved only by the men who are capable of conquering them. Capability is a factor in success and education is a factor in capability. It does not necessarily follow that a man with an education will attain success, but it is undoubtedly true that he has a better chance. He is fitted as well as any man can be fitted by outside influences. The rest lies entirely within himself. Whether or not he will be strong enough to measure up to the difficulties he is to confront is mainly a question of character. The probabilities for his success are greater if in addition to a strong character he has a liberal education. The college graduate is supposed to have a mind that has been trained to think. But this is only a preparatory step to the years he is spend out in the world. His education has not culminated in the receiving of a degree but has just begun. The degree should not mean the acme of attainment but rather a recommendation of ability for further development. Competition, challenges, and opportunities are staring the out-going senior in the face. He certainly has everything before him.

Yet Commencement does not always present a sunny occasion. It is also a time for breaking away from old friends and old customs. It seems like the bitter-sweet end to everything when the four years of college life with its associations are to be discarded for a new start. This is not so. The man who puts all this behind him at graduation loses half of his college training. He is starting out not as a man but rather as an empty shell. Classroom knowledge is not the entire part of his training. His friendships, his knowledge of his fellow men, and his standards of fair play, are all just as vital. Call it idealism, sentiment or what you will, it is a necessary factor in making men true blue. We believe that Hamilton is the type of college which produces such men. Take the advantages which have been offered you and hang on to them at all times. A fair portion of sentiment never spoiled any man's make-up but a lack of it leaves it sadly inadequate.

## The Interclass "Sing."

The college sing contest which was held on Tuesday evening, June 6, was a good beginning. The support it received was not altogether encouraging, but this fault can be placed to the fact that it was held during examinations. It was unfortunate that the original date had to be changed. Those who were present, however, gave their hearty approval to the place and setting.

The singing as a whole was a big improvement over our average college singing. This ought to be a beginning for the continuance of the custom which we hope has been established this year. With more drills and a little better cooperation, it is possible to make the future contests a drawing card not only to the undergraduates, but to the people residing in the vicinity.

## HAMILTON REPRESENTED IN CHICAGO MEET TODAY

Watson M. Thompson, '23, the holder of the half-mile, mile, and the two-mile college records, and Captain Mynderse G. Van Hoesen, '23, have been selected to represent Hamilton at the second annual intercollegiate track meet of the National Collegiate Athletic Association to be held at Stagg Field at Chicago today. Both Thompson and Van Hoesen will enter up in the two-mile run.

Thompson was second in the international two-mile race at the Penn Relays on April 28, covering the distance in the time of 9:37:2-5. Raymond B. Buker of Bates College and the winner of the race, made the distance in 9:35:1-5.

During the past season Thompson did not run the two-mile in the dual meets, but was reserved for the mile and half-mile. In the first dual meet of the season—on May 9th against Rochester—Tommy broke the college record in the mile in the time of 4:33:2-5. In the Union meet, May 27th, he broke the half-mile record in the time of 1:56:1-5.

Both men have been training every day for the Chicago meet and are in excellent condition. Thompson left the Hill Thursday in order to arrive at Chicago in time for the banquet which will be tendered the competing athletes on Friday evening in the gymnasium of the University of Chicago. Van Hoesen left the Hill yesterday.

A Gateway to Progress

There it stands—a simple forty-foot gateway but unlike any other in the entire world. Through it have come many of the engineering ideas that have made this an electrical America.

The story of electrical development begins in the Research Laboratories. Here the ruling spirit is one of knowledge—truth—rather than immediate practical results. In this manner are established new theories—tools for future use—which sooner or later find ready application.

The great industries that cluster around Niagara Falls, the electrically driven battleships, the trolley cars and electrified railways that carry millions, the lamps that glow in homes and streets, the household conveniences that have relieved women of drudgery, the labor-saving electrical tools of factories, all owe their existence, partly at least, to the co-ordinated efforts of the thousands who daily stream through this gateway.

## OUTDOOR CLASS DAY PLEASES AUDIENCE

**Humorous Program Well Carried Out —Loving Cup Ceremony Instituted**

The class of 1922 held its class day exercises yesterday morning on the campus in front of the gymnasium. An outdoor semi-theater was constructed to accommodate the many visitors that attended the ceremonies. The innovation of having the exercises held outdoors instead of in the chapel, as has formerly been the custom, proved to be a success, despite the fact that one section of the temporary sructure collapsed as the program was beginning.

According to the ancient custom, the seniors put aside their dignity and contrived a means of arriving upon the scene in a most novel manner. Hay wagons laden with the members of the class made their appearance at the south entrance of the campus and slowly wended their way to the amphitheater. The individual members were then assigned to sections reserved in the bleachers marked either "Heaven" or "Hell". Bill Spice read the class history, which was followed by the reading of the class prophecy by Roger Williams. A novel number appeared on the program in the "Burial of the Jug" and drew hearty laughs from the spectators. Several other pleasing features completed the humorous part of the program and the classes adjourned to the Library where the ivy planting loving cup ceremonies were staged.

The success of the program was due to the careful management on the part of the committee, consisting of Macey, chairman, Mulford, and Howland.

### VAN HOESEN TO HEAD TRACK

At the track elections, Mynderse Van Hoesen, '23, was chosen to captain next year's team. Van has been doing very consistent work on the track for the past two years. He won his "H" in cross country and on the track in 1922. He is a two-miler of exceptional ability. One very noticeable feature of his running is the wonderful sprint that he has at the end of the two mile run. When the team chose "Van" for captain it put the right man in the right place. He is a member of the Theta Delta Chi Fraternity, Was Los, D. T., and Pentagon.

### LARGE ENTERING CLASS FOR NEXT FALL

Prospects are unusually bright for a large class to enter up here on the Hill next fall. Last year at this time there were already 57 prospective freshmen signed up. At the present time the number who have registered as freshmen in the class of 1926 is over 100. Of this number 26 will come from outside the state of New York. As the Trustees have voted to limit the size of the college for 1922-23 to 400 men, which means that the number of freshmen next year cannot exceed about 175. All applications for entrance ought to be sent in as soon as possible for it may soon be necessary to admit new students in the order of their accepted applications.

### "LIT" ELECTIONS

In the recent elections to Hamilton Literary Magazine, Robert D. Fowler was elected assistant business manager and John C. Toaz, '25, was made assistant circulation manager. The new board will assume the duties of office at the beginning of next year.

Which will next year's captain wear?

IT DOESN'T need much wisdom to predict that next year's nine will be captained by a '23 man or maybe a '24 man.

This is no affront to underclassmen. Years of steady plugging must go before you can handle the man-sized responsibility of running a team.

That this is just, seniors will be the first to assert. They have seen how well it works for team and college. Then let the seniors keep this point of view, for soon they will find how closely the principle applies to themselves in the business world.

Captains of industry are not made overnight. Don't expect to step into a managership right away. Before you can lead, you've got to serve in the ranks awhile.

This is best for your organization and best for you. The time and energy you put in working up from the bottom, taking the bitter with the sweet, getting the upperhand over your job, will stand you in good stead when you have won through to executive position.

When you have learned how to handle detail work, you can begin intelligently to direct other men to do it, and thus free yourself for creative planning.

You who intend to be captains, have patience. Your year will come and so will your chance.

## PUBLICATION BOARD IS ORGANIZED

### Will Act as Advisory Council for All Papers—Offers Reduced Price for Publications

The editors and business managers of **Life**, Lit, Royal Gaboon, and Hamiltonian have joined forces in the formation of the Hamilton Publication Board. At the present time the officers of the Board include: Willard, president; Palmer, vice-president; Seaver, secretary, and Price, treasurer.

The Board proposes to a certain extent to supervise all the student publications. This will, for the most part, affect the financial side, although if occasion demands, the Board will give suggestions to the editorial staffs as well. In the event that some publication should get in financial difficulty despite the best efforts of the business management of that publication, the Board will make a thorough investigation and help straighten out the difficulty. However, it is one of the Board's main purposes to anticipate any trouble of such a nature and to take preventative measures beforehand. Prior to any publication's agreeing to a contract which would involve a considerable expenditure of money, the manager of that publication will bring up the matter before the Board, and state his own opinion in regard to the affair. Should the Board consider the transaction to be to the benefit of the publication, it will approve the manager's suggestion.

The second big purpose of the Board is to offer to the undergraduates and the alumni lower prices on publications by making clubbing offers. Already the Board has taken its initial action by extending just such an offer. For next year it offers the club price of $5.25 for **Life**, Lit subscription price for **Life** is $2.25, and the Royal Gaboon. The present for Lit $2.00, and for Royal Gaboon $1.75. In the future other club offers probably will be made. It is generally believed that this clubbing arrangement will also be of special advantage to the alumni who usually are bothered every year by numerous letters and appeals by each of the publications.

For several years past the attempt to create a Publication Board has met with failure at the start. This is the first really successful beginning. That the benefits to be derived from such a Board are many, is the belief of those closely connected with publications throughout the country. And aside from the benefits accruing by the creation of a Board of this kind, is the great need, felt by all publications, that will be filled.

## DELTA SIGMA RHO INSTALLED ON HILL

The Hamilton Chapter of Delta Sigma Rho, the national forensic society, was installed Wednesday, June 7. Stanley B. Houck, the national president, came from Minneapolis and personally officiated at the institution of the chapter. According to the national regulations, only those men are eligible who are duly authorized representatives of a college or university as intercollegiate debate speakers. The Hamilton men eligible under these standards are Hartness, Smalley, Kibler, and Alfange of the senior class, Yates and Burke of the junior class, Lewi and Fuess of the sophomore class, and Briggs of the freshman class. However it lies within the power of local chapters to fix their own conditions for initiation.

At the banquet held at Hotel Martin, Yates was elected president of the chapter, and Lewi, secreary-treasurer. Dr. Wood and Professor Lewis were among the speakers.

## DEBATE HONORS GO TO ALFANGE AND HARTNESS

**Affirmative Team Wins McKinney Prize Debate Held in Chapel**

Prizes for the McKinney Prize Debate held Wednesday evening, May 31, in the College Chapel, were awarded to Alfange, first, and Hartness, second. The question debated was the same one as in the Williams debate: "Resolved, that the United States should not claim full payment of the debts owed her by the allied governments." The affirmative team was composed of Alfange, Hartness and Westbrook; the negative team consisted of Eckler and Perry.

Alfange, first speaker for the affirmative, proved the utter impossibility of the allies to meet the debt due to the chaotic economic and political conditions on the Continent. Any attempt at forced payment would be detrimental to the best interests of the United States.

Hartness, second speaker for the affirmative, viewed the issue in its moral aspect. Inasmuch as the war was fought for a common cause, and since the allies were in the field longer, it is a moral obligation to cancel the debt.

Westbrook, last speaker for the affirmative, showed how it was economically inexpedient to demand payment. He pointed out how the allies can pay only with goods, and how an influx of European goods would hurt our industries and aggravate our labor troubles.

Eckler, first speaker for the negative, admitted that it would not be feasible to receive goods, and advocated payment by means of foreign securities. He also maintained that it would establish a bad precedent to cancel such a debt.

Perry, second speaker for the negative, proved that England, who owes about half of the debt, is the most resourceful of the allies and can pay. He advocaed the debt as a moral club behind the door to prevent further military aggressiveness by European states.

The rebuttal was merely a final clash of opinions. The judges, composed of Leo Coupe, Frederick Sisson of Utica, and Russel Morehouse of Clinton, awarded the decision to the affirmative team.

## CALIFORNIA TENNIS MATCH

Memorial Day at Hamilton witnessed the defeat of the tennis team in one of the most brilliant matches played on the Hill in recent years. Hamilton was no match for the fast two-man team from the University of Southern California, captained by Staunton P. Welch, Hamilton, ex-'23.

In the singles, Welch was matched with Acebron, and Green of California played Fitzgerald. Acebron was completely swept off his feet by the smashing drives of Welch. In every phase of the game Welch was the master. He won the first set six-love and the second, six games to two.

Fitzgerald put up a snappy game in his match with Green, but he, too, was overpowered by the terrific speed of the Californian.

In the doubles, Capt. Getman and Fitzgerald were matched against the Californians. In this match, Hamilton showed up a little better. California easily won the first set six-love, but was given a close rub in the second. This match ran to seven to five for California.

Face Flora. Whiskers is inelegant

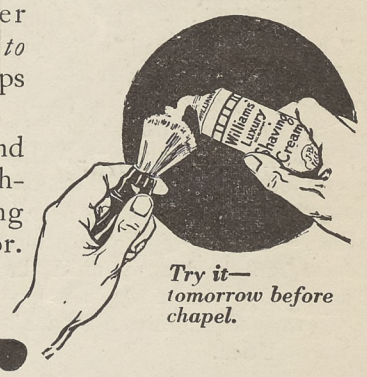
IF a Prof. taught a course in Whisker Crops and their Removal, he'd probably call them Face Flora.

Is there an easier way to remove them—the whiskers, not the profs.?

Razor edges were never keener than they are today. Then why do some shaves still make the tears come? Especially tender upper lips and chin corners?

Here is plain reasoning: Hairs can't pull if they're properly softened by the right lather. Any lather won't do. You know that. Williams' Shaving Cream softens the toughest bristle. Its unusually heavy lather softens the beard *down to its very base.* Few soaps can do that.

Try it—just once—and you will never be without Williams' Shaving Cream near your razor.



*Try it—tomorrow before chapel.*

Williams' Shaving Cream

## CHARLATANS GIVE ONE-ACT PLAYS

**Commendable Work Showed by Dramatic Club in Last Night's Performance—Senior Ball Held**

The Charlatans Dramatic Club presented a most successful program last evening in the Soper Gymnasium. The program included four very well executed plays that succeeded in winning the approval of the alumni and guests on the Hill who attended the performance. The temporary stage was erected on the floor of the gymnasium and the seats were all filled by an appreciative audience. The stage settings and lighting effects were highly creditable and added to the success of the productions.

The first play entitled "The Robbery" by Clare Kummer, was a brilliant comedy very suitable for an opening act. In this sketch, Baer, who took the part of Edie, was at his best in high comedy. Hayes and Perrine, two freshmen in the cast, skillfully filled their parts and showed a great deal of promise to be of value to the Charlatans in the future. Spice did good work as Robert Hamilton.

The next play appearing on the program was at the invitation of the Charlatans and was presented by the dramatic interpretation class. The play, "Moonshine", written by Arthur Hopkins and presented at the Lambs' Gambol with great success in New York a year ago, made its appearance for the second time on the Hill. The action of the performance centers around a revenue officer who cleverly outwits a southern moonshiner. Morehouse did creditable work as Jim Dunn, the officer, and Albert Morris was well adapted to the part of the southern mounaineer, Luke Hazey.

"The Last Man In" was a revival of one of the plays that made a hit wherever it was produced by the Charlatans in past years. This play was first brought to light when it made its initial appearance at the Manchester Reportory Theater in England. It is a vivid tragedy by Arthur Brighouse and is the story of a sailor murderer and who dies in a delirium brought about by fear. Spice took the lead in the act and displayed his usual ability. The role demanded a great deal of skill to successfully carry out the action. Albertson as the inn-keeper, was excellent. Both Perrine and Thomas of the freshman class showed up well in their parts. Thomas' voice was especially well suited for the part he played and added much to the atmosphere of the tragedy.

The last play was perhaps one of the most popular on the program despite the fact that it was a very daring play to be attempted by amateurs. The production showed that those who dare much are able to attain much. This little sketch "Lima Beans" by Alfred Kreymborg, was a bright fantastic comedy in free verse and required a great deal of pantomimic work on the part of the two actors, Baer and Lanrowitz. This was presented by the class of dramatic interpretation.

At the completion of the program, the Senior Ball held sway until the small hours of the morning. The music was furnished by Judson Foster's orchestra of Utica.

### PADDLE DAY ABOLISHED

At a meeting of the Freshman class held just before the examination period, the class voted to discontinue the custom of holding Paddle Day at the close of the examinations. The abolishment of this ancient and honorable custom has aroused much discussion among the undergraduates.

## HORSING ABOLISHED BY THE FACULTY

**All Forms of Hazing to be Prohibited in Future—New Plans Discussed**

At a meeting of the student body after chapel last Tuesday morning it was announced by Dean Saunders to the college that hazing of all kinds, including horsing, had been declared by the faculty as violation of college order and discipline.

The system of horsing which has been in practice for the last few years dates back to 1919. At the spring meeting of the trustees that year the faculty was insructed to abolish hazing. Hazing was then in the form of "gym-showing," a dangerous, unorganized method of Freshman discipline. The result of this communication was horsing, which has degenerated in the last year or two so much that it no longer accomplishes is original purpose.

The action of the faculty was presented to the members of the Upperclassmen Council, who, after discussing the matter among themselves, found that they were not in entire sympathy with the ruling of the faculty, but that since such a step had been taken, they would stand back of the faculty in their decision.

Some new plan should be found for the enforcement of good behavior in the freshmen. Such a plan was suggested and explained to the student body by Kenneth B. Turner, president of the Upperclassmen Council. Under this plan the Council would be increased in importance and it would be given a larger function in the control of student discipline. Obstreperous freshmen might be called upon to appear before the committee and be reprimanded for their misdemeanors. The details of such a system still remain to be worked out by the Upperclassmen Council early next year.

Now that hazing has been abolished, some new form of discipline must be found and must meet the approval of the faculty. It is evident that freshmen training in some form is necessary. Perhaps it would be more effective if it were confined to the various fraternity houses under the surveillance of the upperclassmen of the various crowds, instead of making a public show and useless nonsense of it.

### THE COLLEGE STORE REPORT

The College Store has just closed a very successful year in one way, although the profits were not quite as much as was hoped in the beginning. The store this year was in the nature of an experiment. The stock of last year's store was raised from $3,000 to $10,000, the location changed for the better, and many new features added. The cost of the various fixures, etc., was about 7,500. After this expense has been met, all profits will be turned over directly to the Athletic Association of the college.

This store, with its many convenient features and great variety of sock, fills a great need long felt on the Hill. It is conveniently located and carries in merchandise almost everything a college student could desire. Its stock includes clothing, haberdashery, books, banners, candy, cigars, cigarettes and tobacco, athletic goods, including tennis and golf, and a complete soda fountain which is busy most of the time, besides furnishing light lunches. Mr. Elbert Mattoon, who has had charge of the store this year, will resign his position shortly, after putting the concern on a paying basis. Mr. Mattoon will complete five years this June in the employ of the College, part of the time being spent as Field Secretary.

—Subscribe for **Life.**

### PRIZES FOR YEAR ANNOUNCED

(Continued from page 1.)

brook; Credit, Baker, Comrie, Getman, Hamilton, Hartness, Kibler, Mason, Matt, Nichols, R. J. R. Reeder, Stone, Ibbotson.

The scholarship rating for the entire course of the class of '22 was announced as follows: High Honor, Eckler, F. W. Smith; Honor, Acebron, Alfange, Smalley, A. Smith, K. Turner, Westbrook; Credit, Baker, Comrie, L. E. Davis, Dowling, Forshay, George, Perry and R. G. Reeder.

Department honors for the year were announced as follows: Latin, Perry and Westbrook; German, Forshay and F. W. Smith; English Language and Literature, L. E. Davis and F. W. Smith; Philosophy, Acebron, Alfange, Eckler, and Smalley; Political Science, Forshay, Smalley and A. Smith; History, Comrie and Morgan; Mathematics, Eckler and Smalley; Biology, Eckler, H. C. Smith, K. Turner; Geology and Mineralogy, Stone.

Elections to Phi Beta Kappa were announced: Acebron, Alfange, Ecker, Smalley, A. Smith, F. W. Smith, K. Turner, Westbrook.

F. W. Smith is the Valedictorian and A. R. Eckler is the Salutatorian of the class of '22.

ONE BRAND-
ONE QUALITY-
One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigaretty aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

Camel
